## Focus Elder for Community Engagement- 2017-18

**Rationale:** As a church community that cherishes diversity, we are called to enter into Christ-like relationships with all. It is our collective mission to “welcome friend and stranger, celebrate all gifts, embrace the hurting, and labor with others to restore what is broken,” as we strive to fulfill our vision of seek-connect-serve.

Through a strategic planning process, the church staff and Governing Board have identified 4 themes aligned with our vision and mission statements that will serve as areas of focus: community engagement, FCC as a safe space that embraces diversity, ministries to families/children/youth and marketing/promotion.

**To guide and support FCC’s work related to these themes, the Focus Elder for Community Engagement would be tasked with the following:**

- Communicate with Homewood/Flossmoor community leaders and organizations to identify community needs that FCC can potentially address.
- Coordinate with Pastor Fred and the newly formed Community Engagement Task Group, which is charged with planning and coordinating a series of creative community engagement events, projects and volunteerism to support our strategic direction. Integrate use of the Community House as a welcoming venue for community engagement, education and entertainment activities.
- Act as a resource person in working with Staff, Boards and Committees to develop and implement plans for community engagement/volunteerism projects, based on the suggestions that emerged from strategic planning discussions.
- Facilitate communication across staff and Board/Committee Chairs so community engagement efforts are coordinated across the FCC community.
- Coordinate the sharing of FCC’s progress on achieving the goals of community engagement/diversity in action (via Sunday bulletin, Narthex and bulletin board, as well as communication with greater community).
- At the end of the year, make recommendations to build upon and sustain FCC’s commitment to community engagement.
